### Professional Summary

Aspiring Java Full Stack Developer with a strong foundation in Java, object-oriented programming, and web development. Hands-on experience in building responsive applications using Java, Spring Boot, HTML, CSS, and JavaScript. Passionate about learning new technologies, writing clean code, and contributing to real-world software projects.

### Technical Skills

Programming Languages: Java

Backend Technologies: Spring Boot, REST APIs

Frontend Technologies: HTML, CSS, JavaScript

Database: MySQL

Tools: VS Code, Eclipse, Git (basic)

### Projects

#### Bike Rental and Management System

*Java, Spring Boot, MySQL, HTML, CSS, JavaScript*

- Developed a web-based Bike Rental and Management System to manage bike bookings, customer details, and rental records.
- Designed and implemented frontend interfaces using HTML, CSS, and JavaScript for user-friendly interaction.
- Built backend functionalities using Java and Spring Boot, including RESTful APIs for booking and management operations.
- Integrated MySQL database to store and manage user, bike, and rental data efficiently.

### Education

- Master of Computer Applications (MCA)  
Kallam Haranadhareddy Institute of Technology  
Currently Pursuing
- Bachelor of Science (B.Sc) – Electronics  
Hindu College of Management  
Graduated: 2023 | Percentage: 74%

### Certifications

- The Joy of Computing Using Python – NPTEL (IIT Madras)
